

ArtShop 2013
@ Hayden Meadows Elementary
July 29-Aug 2, 2013

A weeklong art activity for kids who have finished 2nd grade through those who have finished 8th grade, sponsored by Citizens' Council for the Arts, in partnership with Coeur d'Alene School District 271. This is a unique opportunity to develop your creative talents with professional artists. The workshop will include one visual and one performing art class. **ArtShop** instructors are artists from around the Western United States, all experts in their field. A complete list of classes can be found within this brochure.

ArtShop 2013
Monday, July 29 through Friday, Aug 2, 2013
at Hayden Meadows Elementary School,
900 E. Hayden Avenue, Hayden, ID 83835

- Morning class is from 9:45am - 12:15pm.
- Bring your own bag lunch and bottle of water for our daily picnic from 12:15 - 12:45pm.
- Afternoon class is from 12:45pm - 3:00pm
- Plan to attend the full week of classes and the performance, as our program does not lend itself to interruptions.
- Friday after lunch, students will be bused to Art on the Green at North Idaho College arriving there at 12:01 pm.
- Beginning at 12:15pm, all students will display their performing talents on the Main (north) stage.

Parents should plan to attend the performance and must pick up their children from North Idaho College, North Stage "corral" immediately after their child's performance.
All performances will be completed by 3:00 pm

ArtShop 2013

July 29—Aug 2, 2013 SUMMER ART WORKSHOPS

For children who have completed 2nd grade, through and including those who have completed 8th grade.

Sponsored by Citizens' Council for the Arts in partnership with Coeur d'Alene School District 271.

ArtShop classes fill quickly. Classes are assigned on a first come-first served basis. Return your registration just as soon as possible for best selection of classes. However, we reserve the right to adjust class assignment to meet instructor expectations and requirements, thus providing maximum learning experience for all children. Your application has been accepted unless you hear from us.

We will send specific registration information July 15, 2012.

Students will receive their visual/performing class assignments on Monday, July 29, the first day of **ArtShop 2013** at **Hayden Meadows Elementary School,**

TO REGISTER complete the registration form and mail it by July 15, 2013 with your check payable to:

ArtShop 2013 P.O. Box 3344 Hayden, ID 83835-3344

OR Download registration info: www.artonthegreen.org

All registrations must be mailed through US Postal Service

Registration fees are non-refundable.

The \$85/child fee includes a silk-screened T-shirt and all basic class supplies. You will be placed on a waiting list based on space availability if your registration is received after July 15, 2013.

ArtShop 2013 VISUAL ARTS CLASSES:

CARTOONIVERSITY: A unique opportunity to work with professional Cartoonist, **Jeff Johnson** from the Seattle area learning the basic elements of cartooning: character development, expressions, action, movement, layout, exaggeration, etc. through a series of fun, creative projects in a positive, encouraging environment.

PLAYING WITH DIGITAL PHOTOGRAPHS: Would you like to change the look of bad photos, learn to crop them or create new images from them? Creatively change photographs with Photoshop Elements and learn to create your own PowerPoint show of your photos. Your guide to this digital world is **Don Watson**. Digital Photography has long been his passion and hobby. He will help you through the digital maze and you'll have fun doing it.

CREATIVE DRAWING AND PAINTING: Learn to draw and paint landscapes, seascapes and all kinds of animals with great success. You will create with lots of color and discover how to compose a painting, working with a variety of materials including charcoal, chalks, watercolor and acrylics. Your original painting will be mounted for gifts. Art teacher, **Barbara Irvine**, loves to paint to music and has enjoyed teaching art to lots of great kids.

FUN WITH FIMO!: What is FIMO? A polymer clay that you will learn to shape, roll, and sculpt into beads, jewelry, or sculptures. This colorful sculpting material does not dry out until you bake it allowing you to change your creation until you are happy with your design. Create the most unique beads with color and texture, flowers, charms or whatever "WOW" idea your imagination creates. Learn how to mix FIMO to look like a real stone making wishing stone jewelry! Rings, bracelets, bottle cap necklaces, mirrors, and treasure tins are just some ideas you will explore. You'll learn to design your own "one of a kind" pieces with the guidance of artist **Deborah Loy**.

SCRATCHBOARD ART: **Bob Brunn** will teach you the method to engrave your own design in a Scratchboard to reveal your picture, resembling a beautiful etching.

JEWELRY DESIGN: Learn design basics and how to use your imagination to create some amazing things like necklaces, earrings, bracelets and much more. Make these beautiful creations with glass, silver, shells, paper and fresh water pearls. Sharing and designing ideas with guidance from **Jan Hallmark**.

MUD WORKS!: Instructor, **Carol Uptagrafft**, will help you get your hands dirty! Learn pinch, slab and coil methods while working on hand built projects. Learn glazing techniques and tiles too.

ORIGAMI-FOLDING PAPER INTO ART: Would you like to learn to make a work of art with just a single piece of paper? With instructor **Kelsey Cordes-Snyder**, you will be taught how to fold basic objects that are both decorative and functional. Make animals, flowers, hanging origami ornaments and your own origami box light strand. Come Join the fun and discover the Japanese art of paper folding. Must be 4th-8th grade.

PAPIER MACHE SCULPTURES OR STAND-UP 3-D

SCULPTURES: Build an animal, a giant cheeseburger or make up your own animal instead. Build the framework and create with Papier Mache and then paint with bright colors of tempera. Then sit back and smile as people marvel at your unique sculpture. OR make a stand-up sculpture that is a 3-D painting seen from both sides. **Liz Mowrey** encourages creativity!

SPLASH, DIP, SQUIRT...PAINTED FLOORCOVERINGS:

Create the most unique "rug" for your room with canvas and paint. Paint with a brush or become Jackson Pollack and squirt your design! Make a piece to cover your wall or walk upon. Let your imagination run wild and explore new application techniques. Learn to express yourself by creating your design with stencils, patterns, brushes, rollers and squirt bottles. Discover your style by learning a variety of different ways paint can go on canvas. The finishing gloss makes your creation durable enough to be walked upon. Artist **Deborah Loy** will help your designs and imagination become alive!

ArtShop 2013 PERFORMING ARTS CLASSES:

CLOWNING AROUND: Have you discovered your “inner clown” yet? **Terry Barnard “Corky the Clown”** helps you develop your own clown personality and special routine. Try your hand at magic, face painting and balloon animals. Join the clown troupe on stage for a special performance!

DO YA’ WANNA’ ACT?: Happy :-) Sad :- (Act Up! Play around! **Teri Burch** will have you stretching your imagination to improvise and modernize stories and plays; using your voice, characterization and movement exercises leading to the creation and performance of a short play.

GLEE-MUSICAL THEATRE: Discover the world of musical theatre as you sing and dance your way through one of the most exciting forms of self expression. **Russ Bean** will be your guide as you learn a show tune medley and create choreography to take you and your audience on a fantastic adventure.

HIP HOP DANCE: Learn the latest hip hop dance moves and styles, including popping and locking, glides, and breaking. Hip hop dance is a great opportunity for boys and girls of all ages to be creative, have fun, and learn to use their positive energy by moving to the latest beats! With instructors **Alyssa Howard** and **Brianna Knudtsen**, students will learn a group routine to perform for family and friends and gain all the skills needed to keep them dancing all year round!

JUGGLING AND MORE!: Learn to juggle beanbags, rings and clubs, to spin a diabolo, balance on a globe and ride a unicycle! **David Groth**, juggling director at Sorensen Magnet School of the Arts and Humanities, teaches this extraordinary dexterity class.

MAGIC EFFECTS: Join Master Illusionist, **Jason Byers**, on a journey into the mysterious world of Magic. You will learn the fundamentals of magic and illusion, learn how magic works and how to perform several effects with everyday objects.

MARIMBA: High energy South African styled music played with mallets on large wooden xylophone-type instruments. Great fun for everyone! Sally Eilering-Sorenson will teach you the beat!

RHYTHM STOMP: Playing anything from chairs to 2x4's, the students will learn to create complimentary rhythms and play them on a variety of surfaces and objects for a final 'stomp-like' performance. Rhythms taught by **Marilyn Griffitts**.

WORLD OF DRUMS: Explore the Drums of the World with renowned drumming instructor, **Michael Moon Bear**. Learn to play ancient and modern rhythms in this fun class. Your drumming debut will be live at Art on the Green!

ZUMBA: Latin American sounds and a fun, healthy program designed for kids. Develop coordination, balance, discipline, memory and creativity. This work shop includes warm-up, rhythm review, routine breakdowns, games that inspire creativity and a cool down period. Come join the fun... Get ready to ZUMBA with **Roni Melton** and **Beth Spohr**.

YO-YO: Unleash the magic in your Yo-Yo with the help of **Russ Bean**. You will learn it all, from the basics to mind blowing advanced tricks. Registration in this class includes a professional yo-yo.
